**Mini Diamonds India Ltd begins Manufacturing of Sized Labgrown Polished Diamonds ranging from 0.50 to 10 Carats.**

Dear Sir/Madam,

Mini Diamonds (India) Ltd (MDIL), an emerging player in sustainable polished labgrown diamond manufacturing industry, is proud to announce the commencement of manufacturing for sized polished lab-grown diamonds, ranging from 0.5 carats to an impressive 10 carats. This development marks a significant milestone in the Company's commitment to providing ethically sourced, high-quality diamonds for the global market.

The newly launched range caters to the growing demand for larger, customizable diamonds in both the luxury and retail sectors. With precision manufacturing techniques and state-of-the-art technology, Mini Diamonds (India) Ltd. ensures that each diamond meets the highest standards of brilliance, clarity, and cut.

A Game-Changer in the Market:

Sized lab-grown diamonds are set to revolutionize the jewelry landscape. The range offers a perfect fit for various applications, from delicate, smaller jewelry pieces to statement creations featuring larger diamonds. These diamonds also appeal to environmentally conscious buyers by reducing the ecological footprint associated with traditional diamond mining.

## **Management's Comment:**

Shri Upendra N. Shah, Chairman and Managing Director, Mini Diamonds (India) Limited, had to say the following with regards to the launch of manufacturing:

*“This initiative represents our dedication to innovation and sustainability, by manufacturing polished lab-grown diamonds in sizes up to 10 carats, we are offering a compelling alternative to mined diamonds while addressing the evolving needs of consumers who seek quality, affordability, and ethical sourcing.”*

We request you to kindly take the above information on record.

## **About Us**

Mini Diamonds (India) Limited ('Mini Diamonds') is a public limited company listed on BSE Limited, was established in the year 1987 with a clear intention to cater diamond import and export business, with its clear track records. Today Mini Diamonds is an internationally well-known company for its cut and polished diamonds and jewellery manufacturing.

Mini Diamonds has established a sophisticated manufacturing facility in Mumbai, strategically equipped with cutting-edge technology and state-of-the-art machinery tailored specifically for processing rough diamonds. Within this facility, every facet of the diamond cutting and polishing process is meticulously handled using modern equipment, including Sarin Technology, Auto Bruting Machines, Semi-Automatic Polishing Mills, and Sawing Machines, among others.

Under the meticulous supervision of Mini Diamonds' seasoned experts and their own dedicated staff, the factory ensures the highest standards of precision and quality at every stage of production. This commitment to excellence extends beyond mere technology; it encompasses the fusion of craftsmanship and innovation to elevate the diamond processing industry to new heights.

Moreover, Mini Diamonds doesn't limit its expertise solely to diamond processing. The Mumbai facility also serves as a hub for jewellery manufacturing, where professional artisans harness the cutting-edge machinery Available on-site. By integrating their expertise in diamond processing with jewellery manufacturing, Mini Diamonds creates a seamless synergy, resulting in exquisite, meticulously crafted pieces that embody both luxury and elegance.

Our company excels in the manufacturing, marketing, and sales of exquisite lab-grown diamond jewellery. We cater to both the Indian and international markets, offering our products through B2B and B2C channels. With a focus on cutting-edge production technology, we strive to deliver high-quality, cost-effective lab-grown diamonds that appeal to a wide range of customers.

By combining innovative technology, meticulous craftsmanship, and strategic marketing, we aim to set new standards in the lab-grown diamond industry, providing unparalleled value and beauty to our customers globally.

Thanking you.

Yours faithfully,
